Suddenly - Ryan Ferguson

Suddenly I just found myself waiting for the phone to ring

And Im hiding out simply cause its scaring me
Im not relying on the people that I oughta be
another month or two of everybody testing me

Woah!
And its time
and its time
Woah!
and its time
and its time

so much to do
and Ill be happy just to
open up this parachute
as Im fallin for somebody holdin on to you
wake me up when it is over
if I get through
and all the things to you I promise we'll be concerned

Woah!
and its time
and its time
Woah!
and its time
and its time

Im tired of ridin on the back of these close cars
describing eveything that you've missed
so far Im kickin this bad habit on my own

Im not surprised thats its never obvious to all the other
guys when I'm with you I'm invisible its my disguise
everybody get behind her you can form a line just dont
be comfortable standing there your whole life

Woah!
and its time
and its time

Woah!
and its time
and its time
Woah!
and its time
and its time
Woah!
and its time
and its time...
