This aint a stick up this is a pick up,
To the fallen,

On the sound from your stereo box,
Root down to above ground, this real hip hop

Piece of time, where you get a decent rhyme,
Witout relyin on a station where you hear or see no

Ya feelings shouted out loud,
Cuz workin is a workout,
Surrendering is never bending,
Let it be tha straight sound, of you becoming what your

It kinda hurts while, ya stretchin for ya destiny,
But best believe it's best ta learn,
And never let ya erge dead?

Verse 6-

I'm gunna speak clear so you don't miss this,
And make sure every line is defined and efficient,
I only got one shot, but if I miss it,
Get mad at myself, and take it out on my misses,
If you lost this track would you miss it?
Or would it quickly be replaced by tha next song on tha
hitlist,

I'm missin tha point if I think it's all about me,
And don't point those who listen to the one who will set
them free

Chorus
