(You gotta work it
Uh, C'mon yeah, uh
Yeah, you gotta work it
I like it)

I think you love me
Because your eyes they tell me so
But every time I look we fuss and fight
Friends think I'm crazy for wanting you so much
But I don't really care when it comes to us

I just want to work it out
Even if it's gonna take all night
All I want is to be with you
Every morning, noon, and night, a-just with you

Let's talk it over
Communication's so much better for you and me
You gotta come on over
Cause I just want to make things better for you and me
Aieee
