"Despair"

Once I walked all alone
In this world turned to stone
My thoughts so dark
Got a broken heart
Got no future, got no hope
Oh, my life I couldn't cope

Caught in selfpityness
Life seemed only - seemed only like distress

Scared of life
Despair is growin' rife
Lookin' for a way
To get out and set me free

Got no future, got no hope
Oh, my life I couldn't cope
Caught in selfpityness
Life seemed only - seemed only like distress

God took my life
And make it feel fine
My life's new
If there's one chance, it's You

Got a future, got a hope
I'm a child of Jesus Christ
