Hello, we are Lightmare playin' here tonight
Wanna rock your soul and fill it up with light
But we're not the mighty and we're not the brave
It's still the Lord who can save us from eternal grave

'Cause we are like Fearless Soldiers fightin' for the
Light
And the Prince of Earth can't stop us, 'cause the Lord is
Our guide

Makin' Heavy Metal sendin' in the dark
Singin' about love a message for your heart

But we're not the mighty and we're not the brave

It's still the Lord who can save us from eternal grave
'Cause we are like Fearless Soldiers fightin' for the
Light
And the Prince of Earth can't stop us, 'cause the Lord is
Our guide

We are like Fearless Soldiers fightin' for the light
And the Prince of Earth can't stop us, 'cause the Lord is
Our guide
Like Fearless Soldiers fightin' for the light
And the Prince of Earth can't stop us, 'cause we fight
For the right
