U used to talk to me about him  
Now he's missin U  
And this is how a girl with a man  
Falls in love with a new man

It's a rebound I know  
Hopin' that U don't go  
Hopin' that U will stay right here  
And though U did not plan  
To be leavin' your man  
Hope that he understands, my dear, my dear  
There's a reason U strayed  
From the love that y'all made  
There's a reason U came to me  
So it's time that U told  
'Cause it's better he knows  
That his woman ain't his no more  
And now, he'll be

He gon' be missin' U, missin' U  
Missin' U  
Missin' U and movin' on  
I will be lovin' U, lovin' U  
Lovin' U  
Lovin' U until you're gone

And I hope it's gon' last  
'Cause it happened so fast  
Neither one of us knew we fell  
When we finally found out  
Baby, there was no doubt  
Everybody we knew could tell

(They could tell we were in love)  
And he wasn't around  
Wasn't even in town  
So he didn't have no idea  
(U were slippin' far away)  
Never once did he think  
When he gave you that ring  
He was gonna lose you  
So I know he will be...

He gon' be missin' U, missin' U  
Missin' U  
Missin' U and movin' on  
I will be lovin' U, lovin' U  
Lovin' U  
Lovin' U until you're gone

And it's crazy to think  
U could ever leave someone  
Who was lovin' U  
Lovin' U ans wastin' time  
Thinkin' he was on your mind  
Never knowing he  
Wouldn't have a chance to say goodbye, goodbye  
And he'll wish he knew the reason why

He gon' be missin' U, missin' U  
Missin' U  
Missin' U and movin' on  
I will be lovin' U, lovin' U  
Lovin' U  
Lovin' U until you're gone
