Where did you come from, where have you been?
(All my life)
Baby, I've missed you in the past
(Oh, I don't know but I)
I know it's no use now to pretend
(I can't hide)
All I can do is hope it lasts, yeah

'Cause when I'm looking into your eyes
I get hypnotized
I want you because I feel you want me too
You got me wondering how you feel
Wondering what you will or won't do
Though it feels like it's make believe
Tell me something

Is it real love?
You might be the one that I'm waiting on
I'm hoping it's real love, yeah
So is it real love?
You might be the one that I'm waiting on
Waiting on, waiting on

Now you just need someone to go to
(Through the night)
You shouldn't have to sleep alone
(No use in wasting time)

Don't let the recent past control you
(Free your mind)
When you're in need pick up the phone
(I got it when you want it)

'Cause when I'm looking into your eyes
I get hypnotized
I want you because I feel you want me too
You got me wondering how you feel
Wondering what you will or won't do
Though it feels like it's make believe
Tell me something

Is it real love?

You might be the one that I'm waiting on
I'm hoping that it's real love, yeah
So is it real love?
You might be the one that I'm waiting on
Waiting on, waiting on

Is it real love?
You might be the one that I'm waiting on
So is it real love?
You might be the one that I'm waiting on
Waiting on, waiting on

Is it real love?
You might be the one that I'm waiting on
So is it real love?
You might be the one that I'm waiting on
Waiting on, waiting on
