La La La La La La
Listen

[Verse 1:]

I think that it would maybe be better,
if we went our seperate ways,
(Se both just went our seperate ways)
Cause our love just not the same,
and were doing such strange things,
(See we both been left in shame)
You don't even call, no more,
your drifting away
(I can feel you drifting, drifting)
Sometimes, i wish we could go back,
and relive the better days,
so i think it's best if we promise,

[Chorus:]

I promise not to call you, if you,
don't call me baby, it's alright,
i promise i won't, i think it's better if we don't,
(It would be better baby)
i won't call you no more, if you don't call me no more,
lets make that promise and maybe we can move on,

[Verse 2:]

Now i think that it be better if you and I spent some time
apart,
(If we both spend some time apart)
Cause I'm so afraid that we were wrong from the very
start, baby,
(we were wrong right from the start)
You don't even know, no more, the reason you stay,
(I can feel you drifting, oh)
Sometimes, I wish we could go back
and relive the better days,
So that's why I'm making this promise,

[Chorus:]

I promise not to call you, if you,
don't call me baby, (It's alright) it's alright,

i promise i won't, i think it's better if we don't(if we don't),
i won't call you no more, if you don't call me no more,
lets make that promise and maybe we can move on,

[Bridge:]

Girl, (Girl our love so cold it feels like winter)
(Baby our love is cold)(So cold) Stop,
If we stop, right now, I think it's better,
(Better)
So baby I promise,

[Chorus:]x2

I promise not to call you, if you,
don't call me baby,it's alright,
i promise i won't, i think it's better if we don't,
i won't call you no more, if you don't call me no more,
lets make that promise and maybe we can move on,

[Fade:]

I'll say I'm not gonna call you,
If you say I'm not call you,
Yeah yeah

It's Nextselection.
