Time is running out
Please don't baby wait
All I wanna know
Lets start today
It's another lost
Lost all alone
Guess another lost one hits the door

Just adorable
Pretty in the face
All I wanna know
Lets start today
Askem no one knows
Lost on the way
Lookin for my lola, just a day

I'll date you
I'll take you on a date
I'm tellin I'll date you
I'll take you on a lovely day
Save the date
Sayin I'll date you
I'll take you on a day date
What is up with that
Lovely day
The day

[Chorus]

I see your body lit up in the moonlight
As a ghost story you jump in the moonlight
I wanna feel you in the dark when you do right
Do right right there, yeahhh
As in the dark you lit up in the morning
I'm single n I want that by all means
I'm single, and you got what I want that

Want that right there, right there

Time is running out
Please don't baby wait
All I wanna know
Lets start today
It's another lost
Lost all alone
Guess another lost one hits the door

Just adorable
Pretty in the face
All I wanna know
Lets start today
Askem no one knows
Lost on the way
Lookin for my lola, just a day

I'll date you
I'll take you on a date yeah
I'm tellin I'll date you
I'll take you on a lovely day
Save the date
Sayin I'll date you
I'll take you on a day date
What is up with that
Lovely day
The day

[Chorus]

I see your body lit up in the moonlight
As a ghost story you got up in the moonlight
I wanna feel you in the dark when you do right
Do right right there, there yeahhh
As in the dark you lit up in the morning
I'm single n I want that by all means
I'm single, and you got what I want that
Want that right there, right there

[Bridge]

You know I want you right there
Said I want you baby
You know I want you right there
Right there ooh

You know I want you right there
What is up with that lovely day day

I see your body lit up in the moonlight
As a ghost story you jump in the moonlight
I wanna feel you in the dark when you do right
Do right right there, there yeahhh
As in the dark you lit up in the morning
I'm single n I want that by all means
I'm single, and you got what I want that
Want that right there, right there
