I'd like to welcome to the stage none other than Ryan
Leslie

[VERSE 1:]

I love them shoes you're wearin'
I'm try'na do my best but I can't stop starin'
I love the way you're movin'
Goin' insane from the things you're doin'
Couldn't help but notice
Lotta ladies all around but U got my focus
It's somethin' bout you
And I don't wanna leave here tonite without you

[B-SECTION:]

I love when U move like - that
Shake it from the front to - back
Put my hands on your - hips
Make me wanna kiss them - lips
I love when U move like - that
Shake it from the front to - back
Put my hands on your - hips
Make me wanna kiss them - lips

[HOOK:]

It's the way that U move, girl
Everything U do, girl
It's somethin' that I want and it's U, girl
There's somethin' that I want and it's U, girl
It's the way that U move, girl
Everything U do, girl
It's somethin' that I want and it's U, girl
There's somethin' that I want, girl, it's U

[VERSE 2:]

Look at all these fellas
They wanna talk to U
U with me - they jealous
I know they probably hate me

Just because I'm dancin' with the baddest lady
Look at 'em scopin'
Waitin' for they chance everyone of them hopin'
I know they just itchin'
I'm sure it's gotta do with the way you're switchin'

[B-SECTION]

I love it, the way U move girl
The way U shake
The way U rock
With the beat, girl
