What if we could do it all again
Then I promise you that I would, I would
This time I would do it right, and this time I would do it
right
This time I would do it right, and this time I would do it
right
She the type of girl I'd take a picture with a friend
Who's something like a model cause she's something
like a tan
Just to prove the point that she is just as fine as her
... clothes too defining her, beautiful, beautiful
Make me feel, make me feel, like everything
Like everything I'm either way I planned and nothing's
missing
If we could work it out then it would be perfect
But you be jessie james that aren't really there
And you'll be after things that aren't really there
But you'll find them, and you'll find them someday

Girl if we could do it all again
Then I promise you that I would, I would
This time I would do it right, and this time I would do it
right
This time I would do it right, and this time I would do it
right

I'll be telling you everything you wanna hear
Then you'll be telling me that I'm the only one you need
But I know what you're after, and you know what I'm
after
Now we know what we're after
This time will be better than the last time
So slow, so slow
And you know I keep you with me everywhere I go
But I'll be back, I'll be back again and make it better
Make it better, I'll be back again to make it better

Girl if we could do it all again
Then I promise you that I would, I would
This time I would do it right, and this time I would do it
right

This time I would do it right, and this time I would do it
right
