"Too Late"

Visit "[Too Late](#)" on MotoLyrics.com

you know ive been thinkin
i gave you the chance to make you real
so what
when you feel like pickin up the phone
do my faveourit and dont

i was always the one you call when your ___ was down
if you needed something for real
girl i _____
took myself out of the market for other chicks
sacrefise all the things that i did for kicks
i hope that you understand why thits is the end
the reason i gotta move on, why we cant be friends
is that, we had a good thing
but everything i did you took for granted girl

wish you could take it back now
wish you could fix it somehow
but its just too late
i said its just too late
wish we could talk this over
wish that we werent so close but
now its just too late
i know its just too late
id appriciate it if you dont call me
id appriciate it if you dont call me
you had the chance all now dont try
cause its really is just too late

i did everything that i had girl i loved you most
cause you got me the open up when my heart was
closed
but you never did understand my commitment to you
it was all in your hands cant believe you throw our
_____ girl you broke my trust
you did another ___ say no hope for us
cause we had a good thing
but everything i did you took for granted

wish you could take it back now
wish you could fix it somehow

but its just too late
i said its just too late
wish we could talk this over
wish that we werent so close but
now its just too late
i know its just too late
id appreciate it if you dont call me
id appreciate it if you dont call me
you had the chance all now dont try
cause its really is just too late

because im tryin to get over you, right now
girl i think the best thing to do
and girl the best thing that you could do
is to understand baby just admit that its over now
just admit that its over now
i did barely everything but you took it on for granted
yea i try but you just didnt get it
baby id appreciate it if you

id appreciate it if you dont call me
id appreciate it if you dont call me
you had the chance all now dont try
cause its really is just too late
