It's obvious for you there's feelings
And for your touch I have the need
I aint sure about commitment
But I can sure use the company
I'm thinking can this be for real and
Like is it you I'm falling for
Cause ever since we started chillin'
I want you more and more and more

I do I do, I do I do
From the moment that i saw you
I do I do, I do I do
Said I want you so bad baby
I do i do, I do I do
From the moment that I saw you
I do I do, I do I do
Said I want you so for me

2x
When I think about love
You're the one i want
When I look at the sky
Your my stars my sun

Now other girls might look good but
It's only you I trying to see
Thought they say that I'm insatiable
Honey you can satisfy me
Cause the rest are imitations
And you're the real thing
And I've awaited your arrival
Like the first day of spring
