I'm just a lonely boy here darlin'
and a stranger in your town
I'm just a lonely boy here darlin'
and a stranger in your town
Lord I don't know no one here baby
and that evenin' sun goin' down

Operator oh operator
What time do your next train leave goin' to East?
Operator oh operator
What time do your next train leave goin' to East?
I want to send a special deliver' home to my little
woman
Askin' here to please madam send for me

Well now blow your harmonica son...

Well my home's in the Rocky Mountains baby
And that's way up above the ground
Lord my home's in the Rocky Mountains darlin'
And that's way up above the ground
Well I done got the blues for my little woman
And I just can't get out this town
