Well you know yourself little girl  
You ain't treatin' your daddy right  
You leave home in the evenin'  
And you ride the streets all night  
That ain't -

nothin' but the devil  
Make you treat me like you do  
I'm gon' break out just like the measles  
Girl I'm gonna be all over you

Well you know yourself little girl  
That you treatin' your daddy wrong  
You leave home in the mornin'  
And you stay 'way all day long  
That ain't -

nothin' but the devil  
Make you treat me like you do  
I'm gon' break out just like the measles  
Girl I'm gonna be all over you

Well now break out son...

Well you dressed up early this mornin' babe  
You're lookin' like a queen  
You're goin' to see your mother  
But your mother you ain't never seen  
It ain't -

nothin' but the devil  
Make you treat me like you do  
Girl I'm gon' break out just like the measles  
Girl I'm gonna be all over you
