You tread softly  
And I run away  
You walk four steps  
And come in my way

[Chorus:]

You're chasing love  
Just chasing love  
You're chasing love  
Just chasing love

Try to catch me  
And I disappear  
Whisper softly  
And I never hear

[Chorus]

Never know I'd find you  
You don't know I'll walk away

You don't know

You're chasing love  
Never know I'd find you  
Just chasing love  
You don't know I'll walk away

You're chasing love  
Never know I'd find you  
Just chasing love  
You don't know  
You don't know

[Chorus]
