(CHORUS)

Love immeasurable, love divine,
Love unlocked this prison mine
Love who paid for all my crime
Wrap my heart in Thine

I had built a life on shifting sand
Bounding down the brink, You grabbed my hand
Unaware was I my tragic state
Rescued, how can I but celebrate

(CHORUS)

Drowning in a well of dark despair
Dropped a rope and dragged me up for air
Purged my lungs of liquid, given voice
Bid this twisted tongue of mine rejoice

(CHORUS)

Sleeping in a coffin set to die
Wakened by the Son and grateful I
Raised to life and love and faithfulness
Happy I to give you nothing less

(CHORUS)
