Hey you
In your suitcase
With your pretty face
Single file to use
I said you
With your backsteps
And your face lifts
What'cha gotta use

I said did you want to be alive today?
I didn't think so, so I thought I'd stay
Did you want to be alive today?
I didn't think so, so I've got to stay

Bring on your movie stars
In your high rise
We sold our rights now we're going to get your baby
Bring on your movie stars
In your failed cause
Deformed our lives, now we're born and bred

I said you
With your suitcase
And your back brace
Single file to use
I said you
With your bikini scars
In your failed cause
You walk the final way

And did you want to be alive today?
I didn't think so and I thought I'd stay

Bring on your movie stars
In your high rise
We sold our rights now we're going to get your baby
Bring on your movie stars
In your failed cause
Deformed our lives, now we're born and wedded

Did you get it?

Said come and get it
Said come and get it
(Said) come and get it
(Said come and get it)

Bring on your movie stars
In your high rise
We sold our rights now we're going to get your baby
Bring on your movie stars
In your failed cause
Deformed our lives, now we're born and bred

Said come and get it, get it, get it, get it, get it
Come and get it, get it, get it, get it, get it
Come and get it, get it, get it, get it, get it
Come and get it
Come and get it
Come and get it
