Right on down the line  
I'm working all the time  
I got the 9 to 5  
Blues back baby on genocide

Got no time  
For conversation  
Planet lies  
In hesitation  
Days have  
Gone by  
My days have all  
Faded away

I got no time to stand in line  
One decision and to stick & ride  
Run the crime run the crime  
On time yeah

In my house  
I live alone  
In my world  
I live alone  
Days have  
Gone by  
My days have  
All faded away  
I could have been  
I had a chance  
I'm looking back  
At my past  
It's too late  
For me now  
Hey freak  
Take back  
Turn it down
