Rip off the willing
Rip off the dead

Rip off this empty child

Then wishful overheads

We live here in believe?
We're here to be obscene

Through broken windows
Reckless to (the) homeless said

Do you believe in me?

'Cause I bleed in you

I don't care what they say

Money's infected!

Do you bleed in me?

'Cause I bleed in you

I don't care what they say

Money's infected!

Well I got your witness

We've got your empty noose

We wait with broken claws

And sit on your avenue

We live here to believe
We're here to be obscene

With broken windows

And the SARS of avenue

Do you bleed in me?

'Cause I bleed in you

I don't care what they say
Money's infected

Do you believe in me?

'Cause I bleed in you

I don't care what they say
Money's infected

We're all infected!

Money infection!

Join the Navy, slave
We keep cummin for you

Calling for you

Do you believe in me?
'Cause I bleed in you

I don't care what they say

Money's infected

Do you believe in me?

'Cause I bleed in you
I don't care what they say

Money's infected
WE'RE ALL INFECTED!

MONEY INFECTION!

Slave, save

Slave, unsaved

Join the army, slave
