Destroy your newborn future

We are your neutron liars

I am machines
And I work
Left to decay

Then I cut like you

I am not worth

And I burned

When I'm away
Won't ever learn

(We are the liars) I shoot at you ? you shoot at me

(We are liars)

(We are the liars) I see the things you can't believe

(We are liars)

Destroy your NEWBORN FUTURE!
We are your NEUTRON LIARS!

I am deceive
And I don't cut

For this debris

And I am but
A bit deceive

'Cause I hurt

A bit diseased
'Cause I work

(We are the liars) I shoot at you ? you shoot at me

(We are liars)

(We are the liars) I laugh at the things you can't believe

(We are liars)

Destroy your NEWBORN FUTURE!

We are your NEUTRON LIARS!

Watch THIS (machine)

When I work (and work)

Well I am diseased (turn)

When I cut like you (a bite to save)

(We are the liars) I shoot at you ? you shoot at me

(We are liars)

(We are the liars) I laugh at the things you can't believe

(We are gone?)

Destroy your NEWBORN FUTURE

We are your NEUTRON LIARS!

We are your neutron liars
