Burn!

I can't stand this face and everything you fed  
Forced me the enemy  
And I take the things I know I shouldn't have  
Turned me into the enemy

Station station - remote control  
Frustration station - that sold his soul

"Cause I sold myself to today" [???

It's a solitary, solitary  
New war station, watch it burn the nation

I destroy myself cause I can't free  
Free the world of the enemy  
The pigs they have and the gods they feed  
Feed the lives of the enemy

Station station - Frustration station

"It's the violence in the silence"

It's a solitary, solitary  
New war station, watch it burn the nation

Station station - Resignation

Leave the lights on, leave the stains  
Through the walls of this decay  
Sedate the innocent  
Fall from these loaded wings  
Circumsized + Sterilized  
Circumsized + Paralyzed  
Free the innocent  
Free the mother lies in  
Milkcarton house hi-rise  
Bloody little lamb of fathers eye  
Bad people, bad world  
The bad pusher in a bad design!

The bad pusher in a bad design!  
The bad pusher in a bad design!  
Circumsized + Sterilized  
Circumsized now Paralyzed  
Circumsized + Sterilized  
Desensitized Insentient eyes  
Free the innocent (I break this skin)  
Free the mother lies (To let it in)  
Free the innocent (I break this skin)  
Free the fuckin lives of... (To let it in)  
Leave the light on, leave the stains  
Leave the light on, free the stained  
Naked + Violent!  
The End of America!  
Naked + Violent!  
The End of America!
