Nations kept in marbled, a face of yet to be decayed  
We kept sick and sorrow, we don't live! ... We betray

Well i don't wanna see you. Animals.  
And i don't wanna sleep with your animals.

Its the policy of abandonment  
Its hypocrisy in the establishment  
Its the policy of abandonment  
Its hypocrisy in your heart.

My faces cut and swallowed, caged and you all who  
befame  
Kids are falling out, hollowed, calling out all to tame.

Well i don't wanna see you. Animals.  
And i don't wanna sleep with you all.

Its the poilicy of abandonment  
Its hypocrisy in the establishment  
Its the policy of abandonment  
Its hypocrisy in your heart.

In your hole  
In your whole  
In your hole  
My face is left in cornered  
All my hearts have decayed  
I lived in the cracks of tomorrow  
(You look) Best in all your pain.

And i don't wanna be..... your animal  
And i don't wanna sleep with you all.

Its the policy of abandonment  
Its hypocrisy of the establishment  
Its the policy of abandonment  
Its hypocrisy in your hole!  
Of your heart.
