I stand here cause I can feel the pain  
I don't know who's to blame  
This culture feeds and breeds dissention  
Ascension everyone is born rejection  
Like to live?  
The same, you're all the same  
Inside home hits decay you  
Depress oppress every rape for obsession  
Nothing I stand here with  
Nothing I fill myself  
Nothing I burn myself with  
Faith cause I can't stand you  
Every time you look away  
All the dogs will fly away  
These victims climb all over me  
And I can never descend

This is the last time this is the last time  
Cause I'm going down where I can never stand  
The last time on the burning sands  
I stand here cause I can't feel the pain  
You know the fuckin' names  
This culture ties you  
Everything I can't deny you  
I'm blind come in here  
Alive feeling I can't  
Find feeling all the lies  
I see all your love in here  
That you spill...  
This is the last time .this is the last time  
Cause I'm going down where I can never stand  
The last time on the burning sands  
The last time
