Nothing left to say, say  
Nothing left to say, say  
Nothing left to say

I've been looking on the bright side  
I've been trying to remember  
I've been thinking of the good times,  
But they seem so far away  
And you used to be someone,  
That I could always count on  
But now you only count on me  
It's like I don't even know you and you don't even care,  
It's like I lost you somewhere

[Chorus:]

And I, I'm trying to be your friend,  
And I'm doing the best I can,  
But sometimes I don't understand why you  
Why you're asking me to stay, when you're pushing me  
away  
In the silence here between us  
There's nothing left to say  
Oh there's nothing left to say

Oh day in and day out,  
I've been hoping things would change  
I've been showing you a way out  
But you slammed the door on me  
You used to be someone, who laughed until you cried  
Ah now you just cry, you just cry  
It's like I don't even know you and you don't even care,  
It's like I lost you somewhere

[Chorus]

So how long should I try,  
To break my way inside and drag you back into the  
light  
'Cause it's tearing me apart and I'm feeling I should  
start thinking of you  
And I'm trying to be your friend,

And I'm doing the best I can, doin' the best I, doin' the  
best I  
There's nothing left to say

[Chorus 2x]
