There nothing left to say, say  
There nothing left to say, say  
There nothing left to say

I've been looking on the bright side, I've been trying to  
remember  
I've been thinking of the good times but they seem so  
far away  
And you used to be someone that I could always count  
on  
But now you only count on me

It's like I don't even know you  
And you don't even care  
It's like I lost you somewhere

And I, I'm trying to be your friend and I'm doing the  
best I can  
But sometimes I don't understand why you  
Why you're asking me to stay, when you're pushing me  
away  
In the silence here between us, there's nothing left to  
say  
Oh, there's nothing left to say

Oh, day in and day out, I've been hoping things would  
change  
I've been showing you a way out, but you slammed the  
door on me  
You used to be someone, who laughed until you cried  
Ah, now you just cry, you just cry, yeah

It's like I don't even know you  
And you don't even care  
It's like I lost you somewhere

And I, I'm trying to be your friend and I'm doing the  
best I can  
But sometimes I don't understand why you  
Why you're asking me to stay, when you're pushing me  
away  
In the silence here between us, there's nothing left to

say

So how long should I try  
To break my way inside and drag you back into the  
light  
'Cause it's tearing me apart and I'm feeling I should  
start thinking of you

And I'm trying to be your friend  
And I'm doing the best I  
(Doin' the best I, doin' the best I)  
There's nothing left to say

I'm trying to be your friend and I'm doing the best I can  
But sometimes I don't understand why you  
Why you're asking me to stay, when you're pushing me  
away  
In the silence here between us, there's nothing left to  
say

I'm trying to be your friend and I'm doing the best I can  
But sometimes I don't understand why you  
Why you're asking me to stay, when you're pushing me  
away  
In the silence here between us, there's nothing left to  
say
