I've been looking on the bright side
I've been trying to remember
I've been thinking of the good times
But they seem so far away
And you used to be someone
That I could always count on
But now you only count on me
It's like I don't even know you
And you don't even care
It's like I lost you somewhere
And I

I'm trying to be your friend
And I'm doing the best I can
But sometimes I don't understand why you
Why you're asking me to stay
When you're pushing me away
In the silence here between us
There's nothing left to say
Oh, there's nothing left to say

Day in and day out
I've been hoping things would change
I've been showing you a way out
But you slam the door on me
And you used to be someone
Who laughed until you cried
Oh, now you just cry, you just cry, yeah
It's like I don't even know you
And you don't even care
It's like I lost you somewhere
And I

I'm trying to be your friend
And I'm doing the best I can
But sometimes I don't understand why you
Why you're asking me to stay
When you're pushing me away
In the silence here between us
There's nothing left to say

So how long should I try
To break my way inside
And drag you back into the light
'Cause it's tearing me apart
And I'm feeling I should start
Thinking of me

And I'm trying to be your friend
And I'm doing the best I can
There's nothing left to say

I'm trying to be your friend
And I'm doing the best I can
But sometimes I don't understand why you
Why you're asking me to stay
When you're pushing me away
In the silence here between us
There's nothing left to say
