[Verse 1]

I don't think that I can tell you what this means to me
But here I am, it's so hard to believe
That I'm standing here, that I've come this far
But you always said have faith in who you are

[Bridge 1]

I wanna take this time to thank you for the love you
gave
From this moment, you've got to know

[Chorus]

I've never wanted something more
And I never felt so sure
'Cause now I've got this chance to be everything you
saw in me
And even more than I ever dreamed before
As long as you are here with me, I know that I can be
something more

[Verse 2]

Looking back now it's so clear to me
That you were sent to shape my destiny
'Cause there were times when I was ready to walk
away
But you gave me strength to face another day

[Bridge 2]

I wanna take this time to thank you for the love you
gave
And from this moment, you've got to know

[Chorus]

I've never wanted something more
And I never felt so sure
'Cause now I've got this chance to be everything you
saw in me
And even more than I ever dreamed before
As long as you are here with me, I know that I can be
something more

[Bridge 3]

I'm reaching for the sky

Won't let this chance go by
I've waited all my life for something more
And now's the time you're gonna see
From this moment, you're gonna know

[Chorus]

I've never wanted something more
And I've never felt so sure
'Cause now I've got this chance to be everything you
saw in me
And even more than I ever dreamed before
As long as you are here with me, I know that I can be
something more

(Yeah, yeah)

You made me wanna be something more

(Whoa)

You made me wanna be something more
