[Intro: RZA]

One-two, one-two

Mic check, one-two, one-two (You don't know, that I really love you)

Yo, yo, You'll Never Know

Check me out (You don't know, that I really love you)

Yo, yo, yo

[RZA]

I love you like how birds love rose petals, Killarmy love full metal

I love you like how the Park Hill cats love to pull metal  
The heat will make ya head whistle loud like a full kettle  
I come like the Mecca in civilizin

The hallway jackal, Chicago Bull bandana

I keep police scanners from fishes

They try to slash me out like Douton Hanna

And blow my spot, yo, I'm not the polka-dot

I tote weight, sip Scotch, bust shots, smoke a lot

My cousin Billy, he done it silly, used to joke a lot

Chased bitches, cut class, got high and stayed broke a lot

So when the rent was due he would grab the identical

Twin gats and put a fuckin hole in your right ventricle

Not sober yet no potent threat, yo, I hold a Tec

Show this jet pack on my back, blast like no respect

While you bickerin, this flame is still flickerin

Then the magnetic attraction to my wisdom keeps you listenin

[Interlude: Cilvaringz]

Yo, yo

Choco bang that shit!

Yeah, yeah (You don't know, that I really love you)

Killa Beez, European

Yo, yo, shut up!

[Cilvaringz]

Eh-yo, my sword so sharp I split the tweeters in ya Genelacs

European Killa Beez attack, chk-chk-chk

I never smoke blunts, tote weight, nor bust shots  
But fuck with me I guarantee you'll get ya neck  
chopped  
Be the haunting, dauntin, brothers won't fuck  
with The Wu-Tang swordsman, slowly get dropped  
When my Shaolin sword, swing at Nasty Immigrants  
with passports  
To teach Man, Woman and Child, with the sword style  
God, complete the presence  
It only takes seconds to chop a nigga head on RZA  
records  
But you a worthless effort, follow faster then leopards  
I can't wait to return to the fuckin essence  
Of hip-hop, yo, my shit chop constantly  
It's over when my shit drops, son, honestly  
I love the RZA and the whole Wu Academy  
For givin me a chance to be what I wanna be (What?)  
But You will Never Know how much..

[RZA]

Do you think this cocked mic will jam or choke?  
Come on my nigga.. Listen yo..  
Do you think this black mic will cock back, jam or  
choke?  
I should stick a long silver hook down your throat  
And snatch out your vocal, bitch my eyes is black opal  
Reflectin this 2.2 kilogram Mac that smoke you  
Firin lightnin, Northern Lights, duck tight and chocolate  
Philly  
Lyrics pierce through the ear like the spear of Achilles  
Iron body Bobby Digital suit, don't bother to shoot  
Quicker than Clint when I draw the six shoo'  
Mortal Kombat whether it's the blind or the mute  
Cripple a idiot, dunn, it sounds ridiculous  
Rapid flow got you petro, my voice echo, echoes  
Off the Wall Street money we stack like golden geckos  
Gecko, gecko, let go my Eggo or feel my Eagle  
4,5,6 in my hand, I've rolled the c-lo  
Brother knocked the long pound, ounces or straight  
kilos  
You know how we go, it's the Killa Bee show  
Then I love you like how the pharoah loves Joseph  
The jewelry of Moses, like a man bendin down on one  
knee before he proposes  
The special 8, laid the hammer, about to slay Isaac  
and the paitence of Daniel in the lion's den with closed  
eye lids  
You'll Never Know, You'll Never Know..  
Yo, yo.. here.. (You don't know, that I really love you)
