[Hook x2: Wale]

Represent

Take a picture, just a?, just a flick

For a nigga, she'll probably kill a bitch

My people's, my people's

I see both

[Verse 1: Wale]

You've been rooting for a nigga for a minute

But to do this here exclusively, I lose you in a second

And your views are independent, but your friends
gossip

See even if I kept my nose clean, they'd still claim it's
not us

Ok I love the fact that she loyal, and she love the fact
that I?

And I love the fact that she huh, cause she love the fact
I get beat

See love is making her weak is making her think she
maybe need me

But the thought of making me stay is making me think I
maybe need to leave

If I told you that I love you would you listen

Probably meant it if said it, yeah I'm sippin'

But that liquor, bring the honesty out a nigga

She got me, then I'mma get her

[Hook]

[Verse 2: Lil Durk]

Look at her in her eyes, can't trust her 'round my guys

That fib shit don't work, can't let her feed me them lies

But I always represent, for me she killed a bitch

I probably spilled the shit, it's me she rocking wit'

Gucci, Louie, Fendi, she deserve all that

Her friends they kinda hate me, cause I think I'm all
that

White coupe cloth roof, and the car shaking

It's just me and you, but we could f reckless

I represent like?, I ball so hard like Jordan

I take a pic I promise, ?

She like heaven in my eyes, my bitch in disguise
And I ain't gotta lie, the days of my life

[Hook]
