Get it, get it, get it

Bitch, you better get that money

Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money

Put that pussy in his face

Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face

Bitch, you better get that money
Hoe, you gotta show 'em something
Them niggas ain't tipping nothing
Make them come about something
Wrap your legs round the pole
Whop it down, there you go
See some action, all you gotta do is clap it in
Turn around, pat it, put your finger all in it
Let 'em see you play with it
Better get this friend and he gonna wanna take you
home
Bout to eat, chaperone, we'll get that money
Honey bunny shoe 'em you about money

Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money

Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face

Who's the baddest bitch in here?
You better tip her
You wish you can get her, tell her who's your favorite
stripper
If only you can get your chance
You dreaming and feeling but won't get no dance
Spend some money, oh, some money
Spend a few hundreds, put some thousands, nigga
Just do something
You ain't crew, you fronting
You ain't the real deal, you wanna eat that pussy
Ain't no free meals
See the way her body's moving
This bitch is vicious
Understand the game, motherfucker, you know what
diss is
It's pimp shit, bitch, I'm never off duty
Everything you give her she gonna give it all to me

Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money

Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money
Hoe, you better get that money
Bitch, you better get that money

Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
Put that pussy in his face
