[SCOOBy Hook]

There's cold rain, fallin' from the sky
There's cold tears, fallin' from my eyes
Cold pain, callin' from above
Cold fears following me from the sun

[SCOOBy Verse 1]

Cold rain, but bold passion
Know the pain game but I gotta take action
Who asked the question is not the one who asked it
That one one question, that everybody asks
Now you wanna hide, behind the mask
First to do it, but never the last
The last to pass, the freshest class
Who see the whole picture, turn on the flash
Look forward to the future, forget the past
I'm a winner at my own sport, there's no score
I ball hard and I don't even need courts
CONTACT...
Tell 'em cut my check
I'm my own enemy and it's sudden death
It's not all about the love and the sex
But more about the one you love to death
Wait for the sun to set
Reset the clock, find someone else
But how you sposed to find, when there's no one
except...

[SCOOBy Hook]

There's cold rain, fallin' from the sky
There's cold tears, fallin' from my eyes
Cold pain, callin' from above
Cold fears following me from the sun

[SCOOBy Verse 2]

Sit back, relax, and you gotta take it
Struggle and survivin' people said you wouldn't make it
But I made it... take that
I'm a champion... 8 stacks
Haters hate that
I jump in the Maybach

Take it back and break it down
You can lock me up, but you can never break me down
Fresh to death, RIP, lay me down
I trusted you with my life, please save me now
And there's still...

[SCOOBy Hook]

There's cold rain, fallin' from the sky
There's cold tears, fallin' from my eyes
Cold pain, callin' from above
Cold fears following me from the sun
