[Intro] (Repeat x3)

I gotta get her I gotta gotta get her
I gotta get her I gotta gotta get her

(Verse one)

Every little thing I do,
Baby I do it for you
And If you only knew,
My heart beats for you

(Chorus)

If I could hold you In my arms girl
I'd never let you go
I'd say that I love you
And baby stay the night
If you were mine, If only you were mine

(Flo)

We can kick it on a sandy beach
Go around the Island
The both of us styl'n
No time for crying No wast'n the time
This I promise you girl that were gonna fall in love

(Verse two)

Every little thing I do
Baby I do it for you
I'd write you a letter
I'd say that I love you
How I wish I could just let you know, Oh

(Chorus) [x2]
