Don't wanna wish
On another star,
I'm happy how we use to be,
Remember baby you and me,
And I don't wanna fall in love again
That's not the way it suppose to be
Baby why you leaving me

And I've been down this road before,
Never in a million years
I thought I'd be back here again

(Chorus)
You came to me
You said that you love me
You'll never leave me,
That you'll be here for me girl,
You were my all, my best friend
You came to me and
You said that you love me
And I'm thinking of all of the ways that I

Could win your heart,
Win your heart back to me

You seem so close
But yet so far, Baby are you thinking of me,
The way I'm thinking of you
And I've been down this road before,
Never in a million years
I thought I'd be back here again

(Chorus)

(Bridge)
Oh, Baby, baby
What happend to the love we shared,
Oh, Baby, baby
What happend to the promises made
Now your just a memory
And from now to forever
I wont ever feel you again...

(Chorus)
