Every day I think about tomorrow
Wanna see my princess much closer
I've decided never feeling sorrow
I will share my heart when I find her

I'll be forever, ever and ever
Feeling this love
Till the day when I die
Being together,
Even no matter
You didn't want me
To be by your side

Z zamku porwaÅ, pannÄ™

Lovely princess,
I am here to save you
Take my hand and say that you love me
If you ever say it,
Even lying
I will let you fly like a bird - free

I'll be forever,
Ever and ever
Feeling this love
Till the day when I die
Being together,
Even no matter
You didn't want me
To be by your side

I'll be forever,
Ever and ever
Feeling this love
Till the day when I die

Being together,
Even no matter
You didn't want me to be
By your side

I'll be forever, ever and ever
I'll be forever!
Feeling this love till the day when I die
Being together even no matter
Forever
You didn't want me to be by your side
You didn't want me by!
