I got my niggas with me, we keep the club poppin
You see them niggas muggin, they gonn fuck around
and find me

He's a hater, he's a hater, he's a hater

What is he?

He's a hater, he's a hater, he's a motherfucking
hater

I got my niggas with me, we keep the club poppin
You see them niggas muggin, they gonn fuck around
and find me

Jealous is envy, and envy is a sin

I checked the nigga one time he was talking again

He's a nerd and a hoopty I'm a boy and a benz

You play with piggy banks, I bust rubber bands

And all my nigga got g locks, j rock, c rock, g rock, A...

You don't want these problems,

If he mug like coffe, he gonn catch these hollows

In the club with all the hoes so while the niggas hating
on us

The youngers outside with the 30 waiting on us

Pockets full of money like I just hit the lotto

I'm check another 10, the day I did em all

To my nigga hussle, got a real nigga dam

Tryina get my nigga 5, but he gonn bail right now

I'm on bail right now, bout 100 and 50

And they know where I'm at, tell them pussies come
and get me

Young nigga fly in the jet move first class
Blood swag facts, so we mad with his hurt ass
Got the titanic on foes, hit on my nemo
Bout to cope the hero, dime with the 4 zeros
Gucci down wetter than the bottom of a speed boat
Me smooth no ...bigger guns, more coke
Niggas get smacked when the chopper unfold
The pyrex king, money making machine
30 shots, 40 block with the...beam
I'm at the top and they want me to fall
You see em writing on me?
A thousand rounds for these nigga tryina take it from me
Cock you ... you sloppy with the glock
Catchin roller head down, I box a nigga top
Got a shop for every g, on that motherfucking gucci head
Leave em slum suckin his own dick when the uzzi clap
