Some people think me ugly, some people think me cute  
Some people think me stupid but others, astute  
People gonna do what they gonna do  
You gotta listen to your heart and to yourself, be true

Sometimes life just slaps you in the face  
And knocks your brains all over the place  
And leaves you standing there wondering why?  
Sometimes we laugh, sometimes we cry

And all the things you  
Thought were right are wrong  
And all the friends you  
Thought were true, they are now gone

Well, I say never give up, never give up  
And never give in, never give in  
Never fall down if you don't plan to get right back up  
again  
I said, now never give up, never give up  
Never give in, never give in  
Never fall down if you don't plan to get right back up  
again

Well, I wanna shine bright like a light on top of a hill  
I never wanna feel like I'm the one who's under-  
dressed  
The one who's oppressed, I only wanna make it like the  
best of the best  
I wanna rise to the top, don't ever wanna stop  
So hold me under water till my brain says, stop

Well, I say never give up, never give up  
Never give in, never give in  
Never fall down if you don't plan to get right back up  
again  
I said, now never give up, never give up  
Never give in, never give in  
Never fall down if you don't plan to get right back up  
again

Well, every time I fall, I feel that I must fly above the

world  
You know, I'll try it every day, I won't be  
underestimated, no way  
Every time I fall, I feel that I must rise above adversity  
Surprised, that bothers me and I'm here to fight just  
like Bruce Lee

And I say never give up, never give up  
Never give in, never give in  
Never fall down if you don't plan to get right back up  
again  
I said, now never give up, never give up  
Never give in, never give in  
Never fall down if you don't plan to get right back up  
again

Never give up, never give in  
Never fall down if you don't plan to get right back up  
again  
I said, now never give up, never give up  
Never give in, never give in  
Well, I said never fall down if you don't plan to get right  
back up again  
I said now, I said now, never give up
