Well I say what the hey  
I got bills to pay  
I work all day I got no time to play  
And once more knockin' on my door is a tax collector  
And I'm going see,  
There's too many bills  
Too many pills  
Too many features and too many frills  
No money  
Too many things to buy  
Too many ways to split the pie,

I got to simplify  
I got to simplify  
My life I say simplify  
I got simplify

I got to smell the flowers  
Enjoy the ride  
I got open up my eyes  
And see what's outside  
All the things I miss each day  
'Cause I'm drivin in the fast lane  
And it's makin' me insane  
And I don't wanna be that way  
I wanna be free today  
From the responsibilities it brings

Excess distress  
I got to enjoy more  
And stress less  
Simplify

I got to simplify  
I got to simplify  
My life I say simplify  
I got to simplify

Well that's great, I'm late  
'Cause I'm always in a hurry for a meeting in the state  
of confusion  
A delusion

An illusion  
I'm takin' much too far  
I'm always livin in the future or the past  
Time flies to fast  
I got to make it last  
So enjoy it  
Relax, chill out  
Just give it a try

I say simplify  
I got to simplify  
My life I say simplify  
I got to got to got to  
Simplify
