Clock's marching at the double time-
Every dollar has become a dime.
Hearts breaking at the speed of sound,
Falling down, all around. (Oh oh-)
Bombs lighting up the eastern sky-
The backroom deals and the bottom lines.
The earth's shaking but we don't know why-
A million fires, oceans rise, oh oh-

I leave it all when I feel you near-
What I'm saying is I need you here.
Even though love never seems to last,
If you think we got a chance-

Stay awhile, oh, you've got to stay awhile. (Oh oh-)
These days are wild, so baby won't you stay awhile? (Oh oh-)

Drop a needle on the Belle Brigade-
We'll slow dance 'til the moonlight fades.
Tell me now that you'll never leave,
Always stay here with me. (Oh oh-)
Keep me safe from the circus show-
The bullshit and the blowing smoke.
The knife hidden under every sleeve-
Stab your back, watch you bleed. (Oh oh-)

They're gonna tell you what you want to hear,
Like, "I can make you a star next year,"
Well, if New York City's lights are so bright,
How come so many people crying tonight?

Stay awhile, oh, you've got to stay awhile. (Oh oh-)
These days are wild, so baby won't you stay awhile?

Ohh, ohh, ohh, ohh-

Ohh-

Let your hair fall around your face-
I would kill just to keep you safe.
Put your body next to mine-
Just let go and close your eyes.
I shiver when I feel your skin-
Like a sinner who's been forgiven.
Go on baby, shine your light-
'Cause no one's gonna find us here tonight.

Stay awhile, oh, you've got to stay awhile. (Oh oh-)
These days are wild, so baby won't you stay awhile? (Oh oh-)
Stay awhile, oh, you've got to stay awhile. (Oh oh-)
These days are wild; baby won't you stay awhile?
Stay awhile, oh, you've got to stay awhile. (Oh oh-)
These days are wild; baby won't you stay awhile? Yeah. (Oh oh-)
