This could be the year
This could be the moment
You've been waiting your whole life
To show the world the cards you're holding - now
It's one life
One dream
One spark

It's one chance
One move
One shot

It's on you
Be cool
Believe

This could be the year
This could be the moment
You've been waiting your whole life
To show the world the cards you're holding - now
It's one life
One dream
One spark
It's one life
One wish
One fire

It's one choice
One voice
Sing it higher

This could be the year
This could be the moment
You've been waiting your whole life
To show the world that you are ready
Hold your head up high
and touch the sky
Cause you know this is everything, everything
So take your shot it's all you got to be

This could be the year
This could be the moment

This could be the year
