You'll never be as perfect, oh no.
as a girl from one next door
you will never mama's favorite. oh oh. you think you
laugh to run in more.
you smile when you feel you're crying, you tried to
hide the pain. you work so hard you trying. umm...
but to then its all the same...

you are, you are, you are... (3x)
You are Enough!
you are, you are, you are...(3x)
you are enough... heyyeehh.

.
A times you feel deserted.. when you're all alone at
home. and you dont feel you're worth it.. oh no..
you think that everythings done wrong.. but when you
feel like cryin, dont fall apart be brave! and gril i
know you're trying, oh yeeahh.. I'm just all with you
all the way..

you are, you are, you are.. (3x)
you are enough!
you are, you are, you are.. (3x)
you are enough...
hey, hey!

all your shadows, will turn to light. oh yeaahh
just be patient, and wait for it.. Have a little
faith..

you are, you are, you are.. (3x)
you are enough!
heyyeeeahhh,..
you are, you are, you are.. (3x)
you are enough...
hey, hey!
(repeat)
