Hardened stare through crimson veil  
Lightning cracks the blackened sky  
Harvest of souls; Ungodly creation

Screams of anguish  
Pierce through the night

Punishing insolence  
With a swift blow!  
Unforgiving, vicious smile  
Raw hatred in it's purest form

Pure hatred taking over  
Bones shatter effortlessly  
Loss of control - succumb to ancient power!  
Desire to kill takes over:  
Depart from this world!  
(Watch the blood pour down)

Screams of anguish  
Pierce through the night

Forgotten depths of hateful sorrow  
Dark and cold like northern frost  
Tired eyes and aching brain  
Whispers dictate violent pain  
Unseen depths of depravity  
Exterminated with grim  
And dire expertise

You won't escape!  
None shall escape -  
The jagged blade glistens wickedly  
In silent wait  
The time...  
For retribution  
Is here

Cleansing dragon's breath -  
Repenting as you fall!  
No different than the rest

Hatred unbridled  
Another victim falls!

Rise from the shadows  
Dusk brings the nightmare  
Engulfing every thought  
Shattering a delicate psyche  
Dark blood dripping; weeping from  
Pale skin  
Time is drawing to  
It's end

Hatred unbridled... another victim falls!

DIE!

Screams of anguish  
Pierce through the night!
