The first time i looked in your eyes i knew  
I would do anything for you  
the first time you touched my face i felt  
what i never felt with anyone else.  
i want to give back what you've given to me  
i want to witness all of your dreams  
now what you've shown me who i really am  
i wanna be more than just your man

i wanna be the wind the fills your sails  
be the hand the lifts your veil

be the moon that moves your tide  
and sun coming up in your eyes  
be the wheel that never rusts  
be the spark that lights you up  
all that you've been dreaming of and more  
soo much more  
i wanna be your everything.

When you wake up, ill be the first thing you see  
and when it gets dark you can reach out to me  
ill cherish your worries ill finish your thoughts  
ill be your compass baby, when you get lost.
