Wait,
You ain't even thinkin' whatcha say.
Your words leave me frozen like a lake,
And trapped under the surface,
You're killing off the one thing that gives us purpose.
Stop,
Take a look at love you'll never know,
'Cause I'm not gonna let you leave me feelin' cold,
So don't you come near,
There'll be no more tears in this atmosphere.

All that I ask for,
Is love that don't hurt, so
Why did you come here?
Tell me, why did you come here?

You're uninvited.
I don't know why you feel like you can try to
Come within a hundred miles.
I'm a fighter,
But I don't want to fight the cold,
And every damn time that you come close,
I'm frozen like an icicle.
I'm frozen like an icicle.
I don't know what you came here for.
Been frozen like an icicle (icicle).
My whole world turns to ice.
My whole world turns to ice.
My whole world turns to...

You,
Don't understand the weight of what you do,
But I made it to the other side, I'm through.
Now took this heart, and you can see this beatin' from
a dead cold start.

All that I ask for,
Is love that don't hurt, so
Why did you come here?

Tell me, why did you come here?

You're uninvited.
I don't know why you feel like you can try to
Come within a hundred miles.
I'm a fighter,
But I don't want to fight the cold,
And every damn time that you come close,
I'm frozen like an icicle.
I'm frozen like an icicle.
I don't know what you came here for.
Been frozen like an icicle (icicle).
My whole world turns to ice.
My whole world turns to ice.
My whole world turns to...

I can hold my head up high,
As frost covers the ground,
And I can see sunlight,
Through these clouds.
Yeah... Yeah...

You're uninvited.
I don't know why you feel like you can try to
Come within a hundred miles.
I'm a fighter,
But I don't want to fight the cold,
And every damn time that you come close,
I'm frozen like an icicle.
I'm frozen like an icicle.
I don't know what you came here for.
Been frozen like an icicle (icicle).

Frozen like an icicle.
I'm frozen like an icicle.
I don't know what you came here for.
Been frozen like an icicle (an icicle).

My whole world turns to ice.
