

Amen "Freak Down"

Right on down the line
I'm working all the time
I got the 9 to 5
Blues back baby on genocide

Got no time
For conversation
Planet lies
In hesitation
Days have
Gone by
My days have all
Faded away

I got no time to stand in line
One decision and to stick & ride
Run the crime run the crime
On time yeah

In my house
I live alone
In my world
I live alone
Days have
Gone by
My days have
All faded away
I could have been
I had a chance
I'm looking back
At my past
It's too late
For me now
Hey freak
Take back
Turn it down
