"Liberation for..."

Visit "[Liberation for...](#)" on MotoLyrics.com

We want your liberation
We watch your TV screens
We want your generations to bring down all they've
seen
We put our LIPS ON so clean
We kiss ourselves OFF so clean

We want your liberation
We want your death donation
Liberation, Liberation, Liberation, Liberation
Shut up! Stand up! Settled? Obscene
Liberation for the...Now sell out
Liberation for the...unsettled!!!
Liberation for... the unsettled.
Liberation for the...unseen!!!
Why do we kiss each other???

When We Got Knives In Our Hands!!!
