Rip off the willing  
Rip off the dead  
Rip off this empty child

Then wishful overheads  
We live here in believe?  
We're here to be obscene

Through broken windows  
Reckless to (the) homeless said  
Do you believe in me?

'Cause I bleed in you

I don't care what they say

Money's infected!  
Do you bleed in me?

'Cause I bleed in you

I don't care what they say

Money's infected!  
Well I got your witness

We've got your empty noose  
We wait with broken claws

And sit on your avenue  
We live here to believe  
We're here to be obscene  
With broken windows

And the SARS of avenue  
Do you bleed in me?  
'Cause I bleed in you

I don't care what they say  
Money's infected  
Do you believe in me?

'Cause I bleed in you  
I don't care what they say  
Money's infected  
We're all infected!

Money infection!  
Join the Navy, slave  
We keep cummin for you  
Calling for you  
Do you believe in me?  
'Cause I bleed in you

I don't care what they say

Money's infected  
Do you believe in me?

'Cause I bleed in you  
I don't care what they say  
Money's infected  
WE'RE ALL INFECTED!

MONEY INFECTION!

Slave, save

Slave, unsaved

Join the army, slave
