Burn

I can't stand this face and everything you fed
Force fed me the enemy
And I take the things, I know I shouldn't have
Turned me into the enemy

Station station, remote control
Frustration station that sold his soul

'Cause I sold myself to today
It's a solitary, solitary
New war station, watch it burn the nation
It's a solitary, solitary
New war station, watch it burn the nation

I destroy myself 'cause I can't free
Free the world of the enemy
The pigs they have and the Gods they feed
Feed the lives of the enemy

Station station, frustration station
It's the violence in the silence
It's a solitary, solitary
New war station, watch it burn the nation
Solitary, solitary
New war station, watch it burn

Station, station, station, station
Resignation, resignation
Station, station
Resignation
Station, station
Resignation

Leave the lights on, leave the stains
Through the walls of this decay
Sedate the innocent
Fall from these loaded wings
Circumsized, sterilized
Circumsized, paralyzed

Free the innocent

Free the mother lies in
Milk carton house hi-rise
Bloody little lamb of father's eye
Bad people, bad world
The bad pusher in a bad design
The bad pusher in a bad design
The bad pusher in a bad design

Circumsized, sterilized
Circumsized now paralyzed
Circumsized, sterilized
Desensitized insentient eyes

Free the innocent
(I break this skin)
Free the mother lies
(To let it in)
Free the innocent
(I break this skin)
Free the fuckin' lives of
(To let it in)

Leave the light on, leave the stains
Leave the light on, free the stains
Naked, violent
The end of America
Naked violent
The end of America
