It's just a holiday for you  
Another holiday for you

Let them inject you, inject you freely  
The sores of truth reprimed  
Truth mended with the razors-deny  
I stand accused at the end of my life  
End mending to the truth in our lies

And did they want to find you?  
And did they bury your life?  
It's just a holiday for you  
Human assembly line

It's just a holiday for you  
In your human assembly line  
Another holiday for you

And did they want to buy you?  
In your assembly line

It's just a holiday for you  
In your human assembly line  
Another holiday for you  
Abortion candy machine  
What is the price of reality?  
The price, price of reality?

Sign the welfare checks in your sickness  
With your children's blood splattered on the back of
