Nowhere to burn
Nowhere for no one
It's the same ole sore
And the same ole bleedin'

Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)

Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)

There's nothing to do
And nothing to believe in
With objections of views
Protections by design

We got the bait
We got something for freedom
We got some fool
We got freedom be desire

Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)

Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)

So what?
We got the bait
We got the bait
We got the bait

We got nowhere to run
Nowhere for no one

There's that same ole sore
In that same ole whore

Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)

Somebody stand up and die
(Shoot you)
Somebody wake up alive
(We got it)

We got the bait
We got the bait
We got the bait
We got it
